INFORMATION CIRCULAR

From: The Assistant Secretary-General for Conference and Support Services

Subject: INTERNET PROJECT

1. The Electronic Services Division is currently undertaking two major projects relating to access to and use of the INTERNET, a rapidly growing publicly accessed network of networks. The aim of the project is to bring to a user's desktop computer (PC) the vast and varied information disseminated through the INTERNET networks, thus providing the user with a valuable tool for research and information retrieval.

2. The first of these projects, already under way, is the installation at Headquarters of two INTERNET services. One, known as a "Gopher service", will be used to post, in simple text format, information that various departments/ offices of the United Nations wish to make available to the general public. As a complement to the Gopher, a second service, known as the World Wide Web (WWW), will be capable of delivering graphics and other non-text objects, such as sound and video.

3. The second project scheduled to be implemented in 1995 is the provision of access to various INTERNET services to staff members at United Nations Headquarters.

4. The Electronic Services Division is taking a gradual approach in implementing these services to ensure that the United Nations network has the capability of sustaining significant increases in data traffic as more users begin transferring data from computers on the INTERNET. It is also important to ensure that users have been properly trained, since each service differs in how the user searches for data and how the information is presented, and that the help desk is adequately staffed, trained and equipped to provide adequate support to staff members starting to use INTERNET services.

5. A pilot project, wherein five users in each department will be provided with INTERNET access, is planned. Each PC connected to the INTERNET will be

specially configured and loaded with a set of special programs. During the pilot period, the Electronic Services Division will monitor the performance of the network and review the usage patterns over a period of time. As the number of connections is increased, real data on usage will be gathered and the impact on the network resources will be assessed.

6. At the end of the pilot project, it is expected that the support, maintenance and enhancements of INTERNET-related services will be funded by the user departments. A flat charge of $150 per connection per year will be assessed for INTERNET access. This charge compares favourably with commercial services that provide connections to INTERNET.

7. Requests for connections, including those for the pilot project, should be submitted in writing through the Executive Office to the Electronic Services Division and should indicate the specific reasons for the request, i.e. the need for INTERNET services in relation to the requester's duties and responsibilities. Intradepartmental priorities are the responsibility of the submitting department/office.

8. Although these requirements may seem stringent and the availability of the services very limited, once a clear assessment of the resources required has been made and the capability of the infrastructure to support these services properly is assured, the numbers can be increased rapidly to accommodate the requirements of most departments/offices.

From: The Controller

Subject: RENEWAL OF THE HEADQUARTERS MEDICAL AND DENTAL INSURANCE PLANS EFFECTIVE 1 JULY 1995, AND ANNUAL ENROLMENT CAMPAIGN, 5-9 JUNE 1995*

General

1. The purpose of the present circular is to announce:

(a) The 1995 medical and dental insurance enrolment campaign;

(b) Changes in the premium rates that will come into effect on 1 July 1995 (see annexes I and II);

(c) The introduction, with effect from 1 August 1995, of a new benefit in the form of a discount prescription drug facility for both the Aetna and Blue Cross/WrapAround Plus plans (see paras. 3-5 below);

(d) Expansion of the number of providers under the HIP/HMO and Kaiser/HMO plans (see paras. 49-51);

(e) Details regarding the well-child care provisions under the Aetna and Blue Cross/WrapAround Plus plans (see paras. 6-8).

2. An index to the present circular is given on the last page.

---

* Personnel Manual index No. 6170.

Discount prescription drug programme

3. The key feature of the renewal of the Headquarters health insurance plans for the policy period commencing 1 July 1995 is the introduction of discount prescription drug programmes under the Aetna and Blue Cross/WrapAround Plus plans. For the Aetna plan, the prescription drug programme is administered by Aetna Pharmacy Management (APM) and for Blue Cross/WrapAround Plus by Empire Pharmacy Management (EPM). Both APM and EPM have negotiated significant discounts with thousands of chain and independent pharmacies throughout the New York metropolitan area and nationwide for drug supplies of up to 30 days. In addition, both plans provide a mail order programme at higher discount levels for maintenance prescription drug supplies for up to 90 days.

4. The Aetna and Blue Cross/WrapAround Plus prescription drug programmes are essentially similar. Subscribers will receive a special identification card (a new additional identification card in the case of Blue Cross/WrapAround Plus and a new card to replace the current identification card in the case of Aetna), which will identify subscribers to any participating pharmacy. These identification cards, as well as materials and forms relating to the mail order facility, will be distributed to participating staff members at their office locations during the month of July, prior to commencement of the discount prescription drug programmes on 1 August 1995. Until 1 August, therefore, claims for reimbursement of prescription drug expenses should be handled as in the past.

5. The discounts available under the two prescription drug programmes are similar. In both cases, the standard price of a prescription drug will be the average wholesale price (AWP) less 15 per cent for brand name drugs, and, for generic prescription drugs, the discounted price will be AWP less 15 to 50 per cent, depending on the drug in question. For both plans, the co-payment to be met by the subscriber is 15 per cent to a maximum out-of-pocket expense of $15 per prescription. This co-payment rate is lower than the regular 20 per cent co-payment requirement relating to other medical expenses. Owing to the $15 cap, the co-payment percentage for prescriptions costing in excess of $100 will be less than 15 per cent. In addition, the 15 per cent co-payment (subject to the $15 cap) will be assessed against prescription drug prices which are significantly below regular retail levels. As a result, these prescription drug programmes not only save money for the subscriber but also reduce the overall cost of prescription drugs in the Aetna and Blue Cross/WrapAround Plus plans, leading to renewal premium rates which are lower than would be the case in the absence of these programmes. Furthermore, by utilizing participating pharmacies, Aetna and Blue Cross/WrapAround Plus subscribers will no longer have to submit a claim to their respective insurers for reimbursement.

Well-child care

6. Certain benefits to promote well-child care have been mandated under New York State insurance regulations. Accordingly, these changes have been incorporated in the Aetna and Blue Cross/WrapAround Plus plans. The essential

feature of the well-child care benefit is that certain primary and preventive care services for covered dependants, from birth up to age 19, as detailed below, will be covered at 100 per cent, and will not be subject to deductible or co-payment.

7. The primary and preventive care services covered under this benefit provision are as follows:

Newborn child	One in-hospital examination at birth
Birth to age 1	Six visits in the first 12 months
Age 1 to age 2	Two/three visits in any 12-month period
Age 3 to age 6	One visit in any 12-month period
Age 7 to 19th birthday	One visit in any 24-month period

Covered services include a physical exam, developmental assessment, anticipatory guidance and laboratory tests required at the visit and performed either in the office or a laboratory. In addition, immunizations are covered as part of the well-child visit for at least the following: diphtheria, pertussis, tetanus, polio, measles, rubella, mumps, haemophilius influenza type B and hepatitis B.

8. Not covered under this benefit and, therefore, subject to the normal deductible and co-payment, are:

(a) Services that are for diagnosis or treatment of a suspected or identified injury or disease;

(b) Services not performed by or under the supervision of a physician or a registered professional or licensed practical nurse;

(c) Medicines, drugs, appliances, equipment or supplies.

Premiums

9. Premiums, which are shared between the participants and the Organization, will be adjusted to meet the projected costs of the plans during the renewal period. The new premium rates, as well as the percentages of salary pertaining to staff members' contributions toward the cost of the various plans, are set out in annexes I and II to the present circular.

10. As a result of the claims experience during the past year and projected costs in the renewal period, premium levels for the Aetna plan will increase by 5 per cent. Although premium levels in the renewal period for the Blue Cross/WrapAround Plus plan will reflect an overall small decrease, there will be a realignment within the premium structure. Thus, there will be a drop of about 12.5 per cent in the individual and two-person categories and an increase of about 4.6 per cent in the family category. This realignment in the premium structure is necessitated by changes in the enrolment configuration in the Blue Cross/WrapAround Plus plan.

11. Premium levels relating to the HIP/HMO plan will increase by 4 per cent while premium levels relating to the Kaiser/HMO plan will decrease by 6.6 per cent. The premium levels for the GHI Dental plan in the renewal period will remain unchanged.

Annual enrolment campaign

12. All staff members holding appointments of three months or longer (or six months or longer for dental coverage) under the 100 or 200 series of the Staff Rules, 1/ whose duty station is New York and who are not enrolled in a Headquarters medical/dental insurance plan may enrol during this annual campaign. In addition, those currently enrolled may take the opportunity to review their coverage and change from one plan to another, or change their coverage in respect of the members of their family.

13. The medical and dental plans being offered during the June campaign are:

(a) Aetna Hospitalization/Major Medical (Aetna);

(b) Blue Cross/WrapAround Plus (WrapAround Plus);

(c) Health Insurance Plan of Greater New York, Health Maintenance Organization (HIP/HMO);

(d) Kaiser Foundation Health Plan of the Northeast, Health Maintenance Organization (Kaiser/HMO);

(e) GHI Dental Plan (GHI).

Any change that may occur in regard to the plans being offered will be announced in an amendment to the present circular.

14. The effective date of insurance coverage for all campaign applications, whether for enrolment, change of plan or change of family coverage, will be 1 July 1995. 2/

Eligibility for enrolment

15. For enrolment purposes, applicants will be required to present proof of eligibility from their respective personnel or administrative officers attesting to their current contractual status. Eligible family members may also be enrolled at this time, provided that evidence of the status (Personnel Action form) of such family members is presented to the Insurance Section. Interested staff members should carefully review the current status of their family's enrolment, both as to the continued eligibility of their children and/or inclusion of those newly eligible or not covered at present.

16. "Eligible family members" refers to a spouse and one or more eligible children. A spouse is always eligible. A child is eligible to be covered under this scheme until the end of the calendar year in which he or she

attains the age of 25, provided that he or she is not married and not engaged in full-time employment; disabled children may be eligible for continued coverage after age 25. Complete information regarding these provisions can be found in information circular ST/IC/86/72, entitled "Age limitation on the participation of dependent children in United Nations health insurance schemes".

17. Staff members, particularly those who have no coverage under a United Nations plan or through another family member, are strongly urged to obtain medical insurance coverage for themselves and their eligible family members, especially since the high cost of medical care could result in financial hardship for individuals who fall ill and/or are injured and have no such coverage.

18. Staff members are reminded that, in the case of a staff member married to another staff member, the insurance coverage, whether at the two-person or family level, must be carried by the higher-salaried staff member. It should also be noted that, if one spouse retires from service with the Organization before the other spouse, the spouse who remains in active service must become the subscriber even if the retired spouse had been the subscriber up to the date of retirement and is eligible for after-service health insurance (ASHI) benefits following separation from service.

Time and place of enrolment

19. The annual enrolment campaign at Headquarters will be held from 5 to 9 June 1995 at the offices of the Insurance Section of the Office of Programme Planning, Budget and Accounts, room S-2765, between the hours of 10 a.m. and 5 p.m. STAFF MEMBERS AT HEADQUARTERS MUST COME IN PERSON TO THE INSURANCE SECTION OFFICE TO COMPLETE THE APPLICATION FORM AND OTHER FORMS AS NECESSARY. The staff of the Insurance Section will be available during the designated dates and hours to provide information and answer specific questions regarding the health plans being offered to staff. In addition, representatives of the insurance companies will be on hand on 5, 6 and 7 June to provide information about the various insurance plans offered. The insurance company desks will be located in the staff activities area near the Secretariat cafeteria entrance.

20. Staff members are reminded that, except as provided in paragraphs 21 and 25 below, this will be the ONLY opportunity until June 1996 to enrol in the United Nations medical and dental insurance plans. This is also an opportunity to review current medical insurance coverages within or outside the Organization and either enrol in one of the United Nations plans or apply for changes within these plans, as may be necessary or desirable. Staff members who are satisfied with their coverage do not need to take any action at this time.

Enrolment between annual campaigns

21. Between annual campaigns, staff members and their family members may be

allowed to enrol in the Headquarters medical and dental insurance plans ONLY if at least one of the following events occurs and application for enrolment is made within 31 days thereafter:

(a) In respect of medical insurance coverage, upon receipt of an initial appointment of at least three months' duration at Headquarters under the 100 or 200 series of the Staff Rules;

(b) In respect of dental insurance coverage, upon receipt of an initial appointment of at least six months' duration at Headquarters under the 100 or 200 series of the Staff Rules;

(c) Upon transfer to Headquarters from another duty station;

(d) Upon return from special leave without pay, but only under the health scheme in which insured prior to taking leave (see para. 24 below);

(e) Upon assignment to a mission, under certain conditions (see para. 25 below); and/or

(f) Upon marriage, birth or legal adoption of a child for coverage of the related family member.

Staff members who can demonstrate that they were on mission or annual or sick leave for the entire duration of the annual campaign may enrol within 31 days of their return to Headquarters.

22. In all cases, the completed application for enrolment or re-enrolment must be certified by the appropriate personnel or administrative officer and received by the Insurance Section within 31 days of the occurrence of the event giving rise to entitlement to enrol. Applications and inquiries with regard to changes relating to such events occurring between campaigns should be directed to the Insurance Section as follows:

Insurance Section
Office of Programme Planning, Budget and Accounts
Room S-2765
United Nations Headquarters
New York, NY 10017

23. Applications between enrolment campaigns based on any other circumstances or not received within the 31 days of the event giving rise to eligibility will not be receivable by the Insurance Section and will be returned. In this regard, it should be noted that termination of health insurance coverage under a scheme not offered by the United Nations will in no case give rise to any right on the part of a staff member or family member to immediate enrolment in a United Nations plan. If such termination occurs between annual enrolment campaigns, the staff member must wait until the next campaign to enrol in a United Nations plan. Staff members who for any reason may be uncertain about the continuity of their outside coverage are urged to consider enrolling in a

United Nations scheme during the present campaign.

Staff on special leave without pay

24. Staff members who are granted special leave without pay are reminded that they may retain coverage for medical and dental insurance during such periods or may elect to discontinue such coverage for the period of the special leave:

(a) Insurance coverage maintained during special leave without pay. If the staff member decides to retain coverage during the period of special leave without pay, the Insurance Section MUST be informed directly by the staff member of his or her intention at least one month in advance of the commencement of the special leave, in person if at Headquarters, or in writing if stationed away from Headquarters. At that time, the Insurance Section will require evidence of the approval of the special leave, together with payment covering the full amount of the cost of the coverage(s) retained (both the staff member's contribution as well as the Organization's share, since no subsidy is payable during such leave);

(b) Insurance dropped while on special leave without pay. Should a staff member decide not to retain insurance coverage(s) while on special leave without pay, no action is required upon commencement of the special leave;

(c) Re-enrolment upon return to duty following special leave without pay. Regardless of whether a staff member has decided to retain or drop insurance coverage(s) during a period of special leave without pay, it is essential that he or she re-enrol in the plan(s) with the Insurance Section upon return to duty, in person if at Headquarters, or in writing if away from Headquarters. This must be done within 31 DAYS OF RETURN TO DUTY. Failure to do so will mean that the staff member will be unable to resume participation in the insurance plan(s) until the next annual enrolment campaign in the month of June.

Staff members assigned on mission

25. In view of the large number of staff members who go on mission assignment, a special medical/dental plan enrolment opportunity is extended to such staff members. The provisions in this respect, which will apply to all staff members going on mission for six months or more, are as follows:

(a) Staff members who at present are NOT enrolled in any United Nations health insurance plan will be allowed to enrol themselves and eligible family members. The insurance will become effective on the first day of the month in which the mission assignment commences. Enrolment in a health insurance plan in these circumstances must be completed PRIOR to the departure of the staff member on mission assignment;

(b) Staff members assigned to a mission who are enrolled in either HIP or Kaiser, two plans which do not offer full services at locations away from Headquarters, may switch to either Aetna or Blue Cross/WrapAround Plus. These

two plans provide benefits on a worldwide basis, although in the case of Blue Cross/WrapAround Plus, there are no participating physicians outside the Headquarters area. Enrolment in the Aetna or Blue Cross/WrapAround Plus plans under this provision must be completed PRIOR to the departure of the staff member on mission assignment;

(c) Staff members who, at the time of commencement of the mission assignment, do not have GHI Dental coverage but who are already enrolled, together with eligible family members, in Aetna or Blue Cross/WrapAround Plus, may enrol themselves and family members covered under their medical insurance plan in the dental plan. Such enrolment must be completed PRIOR to the departure of the staff member on mission assignment;

(d) Staff members who elect to enrol in a health insurance plan in the circumstances provided under (a) to (c) above forego the right to make any further change during the annual enrolment campaign taking place in the same calendar year as the commencement of the mission assignment. The next opportunity for these staff members to make any change in their insurance coverage will be at the time of the annual enrolment campaign of the following year;

(e) Staff members who are already enrolled in Aetna or Blue Cross/WrapAround Plus at the time of the mission assignment must retain their existing coverage until the next annual enrolment campaign;

(f) Staff members who will be on mission assignment for a year or more AND WHO WILL NOT HAVE ELIGIBLE COVERED FAMILY MEMBERS RESIDING IN THE UNITED STATES for the duration of the mission assignment may opt for coverage under the Van Breda Medical, Hospital and Dental Insurance plan for staff overseas. Details of this plan are available in the offices of the Insurance Section, room S-2765;

(g) Staff members returning to Headquarters from mission assignment, other than those who qualified and opted for the Van Breda plan, may not change their insurance coverage until the next annual enrolment campaign. Staff members who switched to the Van Breda plan, as provided under subparagraph (f) above, must revert, upon return to Headquarters, to the insurance plan which they had prior to the mission assignment at least until the next annual enrolment campaign. It is essential that such staff members advise the Insurance Section within 31 days of their return to Headquarters.

IN ALL CASES, STAFF MEMBERS GOING ON MISSION ASSIGNMENT WHO WISH TO ENROL IN A HEALTH INSURANCE PLAN OR CHANGE THEIR PRESENT COVERAGE, AS PROVIDED ABOVE, MUST PRESENT EVIDENCE TO THE INSURANCE SECTION OF THE MISSION ASSIGNMENT AND ITS DURATION.

Cessation of coverage of family members

26. The Insurance Section should be notified immediately of changes in the staff member's family that result in a family member ceasing to be eligible,

e.g., a spouse upon divorce or a child reaching the end of the calendar year in which the age of 25 years is attained, marrying or taking up full-time employment. The responsibility for initiating the resulting change in coverage (e.g. from "staff member and spouse" to "staff member only" or from "family" to "staff member and spouse") RESTS WITH THE STAFF MEMBER. Staff members who wish to discontinue coverage of a family member under a United Nations plan for any other reason may do so at any time, although this is strongly discouraged. Such removals of family members from coverage should be communicated to the Insurance Section directly. It is in the interest of staff members to notify the Insurance Section promptly whenever changes in coverage occur in order to benefit from any reduction in premium contribution which may result. Any such change will be implemented on the first of the month following receipt of notification. No retroactive adjustments can be made as a result of failure to provide timely notification of any change to the Insurance Section.

After-service health insurance

27. Staff members are reminded that, among the eligibility requirements for after-service health insurance coverage, is that staff members must be enrolled in a United Nations scheme at the time of separation from service. A minimum of 5 years of prior coverage in a United Nations or specialized agency health insurance scheme is necessary to qualify for unsubsidized after-service health insurance participation and 10 years of prior coverage for subsidized participation. In both cases, the staff member must be 55 years of age or over as of the date of separation. Full details on the eligibility requirements for after-service health insurance coverage are given in the relevant administrative instruction. 3/ It should also be noted that only family members enrolled with the staff member at the time of separation are eligible for continued coverage under the after-service health insurance programme.

28. After-service participants are reminded that the restriction set out in paragraph 20 above, to the effect that staff members may switch from one insurance plan to another only during the period of the annual enrolment campaign, does not apply fully to them. The relevant provisions relating to after-service participants are set out in the relevant administrative instruction 3/.

Conversion privilege

29. Participants who cease employment with the United Nations and are not eligible for after-service benefits may arrange for medical coverage under an individual contract. This provision applies to all plans currently offered. The conversion privilege, which is part of the United Nations group contracts with the respective insurance companies, means that the insurer cannot refuse to insure an applicant and that no certification of medical eligibility is required. THE CONVERSION PRIVILEGE, HOWEVER, DOES NOT MEAN THAT THE SAME INSURANCE PREMIUM RATES OR SCHEDULE OF BENEFITS IN EFFECT FOR THE UNITED NATIONS GROUP POLICY WILL BE OFFERED IN RESPECT OF INDIVIDUAL INSURANCE

CONTRACTS. It should be noted, moreover, that the conversion privilege may be exercised only for separating staff who continue to reside in the United States as the insurers cannot write individual policies for persons residing abroad. In all cases, the conversion privilege must be exercised WITHIN 31 DAYS OF THE DATE OF SEPARATION. Details concerning conversion to individual policies under Aetna and Blue Cross/WrapAround Plus may be obtained from the Insurance Section, room S-2765. Details concerning conversion to individual policies under HIP, Kaiser and GHI Dental should be obtained from those companies directly.

Where to address claims and benefit inquiries

30. Although the staff of the Insurance Section is available to assist staff members in administrative matters concerning participation in the various Headquarters insurance plans, claims questions should always be taken up in the first instance directly with the insurance company concerned. The addresses and relevant telephone numbers of the insurance companies are listed in annex XI to the present circular.

31. Staff members are reminded that the plan descriptions set out in annexes III to VII constitute summaries of the benefits available under the respective plans. Every care has been taken to ensure that the plan summaries are as comprehensive as possible. However, in the event of a claim dispute with any of the insurance carriers concerned, the resolution of such dispute will be guided by the terms and conditions of the respective policy contract and the final decision will rest with the insurance carrier concerned, not with the United Nations. The contracts with the insurance carriers are available for review by subscribers, as may be necessary, by appointment at the offices of the Insurance Section, room S-2765.

Insurance plans: benefit and premium changes

32. The United Nations policies with Aetna, Blue Cross and GHI are "experience-rated". This means that the premium cost each year of the Aetna, Blue Cross/WrapAround Plus and GHI Dental plans is based on the level of claims incurred in the prior year and expected rates of utilization and medical cost inflation for the renewal period. In effect, the costs of these plans (claims incurred plus administrative expenses) are borne collectively by participants in these schemes. In a year following a period of heavy utilization, premium increases are likely to be relatively high. Conversely, if utilization in the prior year has been relatively moderate, the premium increase in the subsequent year will be correspondingly moderate, as is the case this year for Aetna and Blue Cross/WrapAround Plus. The two health maintenance organization (HMO) plans, HIP and Kaiser, are "community-rated". This means the premium costs are based on the combined experience of all employers participating in these schemes, not just the United Nations, and are approved by the relevant state insurance authorities. It should be emphasized, particularly with respect to the three experience-rated plans, that prudent utilization by all participants concerned will have the effect of moderating premium costs for the benefit of all.

Aetna Hospitalization/Major Medical Plan (Aetna)

33. The Aetna Hospitalization/Major Medical (Aetna) insurance plan is a full-indemnity plan that offers worldwide coverage for hospitalization and surgical, medical and prescription drug expenses, all through Aetna. Under this plan, medically necessary treatment for a covered illness or injury may be obtained at a hospital or from a physician of one's own choosing. Hospital costs for semi-private accommodation are covered in full for 365 days, after which, if the patient continues to remain in hospital, further expenses are covered under the major medical component of the Aetna plan. Expenses for surgical and medical treatment and prescription drugs are reimbursed at 80 per cent, after meeting an annual deductible of $125 per individual or $375 per family. When a participant has met the annual deductible and a further $1,000 in co-payment (20 per cent of $5,000 of recognized expenses), Aetna will reimburse all further claims incurred in the year, subject to the provision that they be "reasonable and customary", at 100 per cent. The deductible and co-payment requirement must be met each calendar year. There is no lifetime reimbursement limit under the Aetna plan. A summary of the hospitalization and major medical benefits of the Aetna plan is set out in annex III to the present circular.

Premium

34. The monthly premium for the Aetna plan will increase by 5 per cent compared with present rates for the renewal period commencing 1 July 1995. The new premiums are shown in column (1) of annex I to the present circular. The percentages of salary contribution by staff members required to cover the new premium levels are shown in column (1) of annex II to the present circular.

Benefits

35. DISCOUNT PRESCRIPTION DRUG PROGRAMME. The Aetna prescription drug programme is outlined in paragraphs 3 to 5 above, and a more detailed description of this benefit is set out in annex III, part III.

36. WELL-CHILD CARE TO AGE 19. Details regarding this benefit are set out in annex III, part IV.

Mandatory second surgical opinion

37. Staff members are reminded that reimbursement in respect of 16 surgical procedures performed on a non-emergency basis requires a second surgical opinion and that failure to provide a second opinion, which must be furnished by a physician not associated or in practice with the physician who originally recommended and proposed to perform the surgery, WILL RESULT IN A REDUCTION OF THE REIMBURSEMENT FOR THE SURGERY BY 50 PER CENT. STAFF MEMBERS ARE URGED ONCE AGAIN TO TAKE NOTE OF THIS REQUIREMENT. A complete listing of the surgical procedures subject to mandatory second opinion is provided in annex III to the present circular.

Aetna claims

38. The address to which Aetna claim forms should be sent is as follows:

Aetna Life Insurance Company
Unit 41
3541 Winchester Road
Allentown, PA 18195-0513

The customer service number for New York City area residents continues to be (212) 567-6969. The customer service number for non-New York City residents is (800) 858-5630. AS THE PLAN INCURS A SERVICE CHARGE FOR EACH CLAIM SUBMITTED, PARTICIPANTS ARE URGED NOT TO FILE CLAIMS WITH AETNA UNTIL ONE CLAIM OR A GROUP OF CLAIMS EQUALS OR EXCEEDS THE APPLICABLE ANNUAL DEDUCTIBLE.

Access America

39. Aetna plan subscribers are reminded of the existence of a facility called Access America. This facility provides an international travellers' 24-hour hotline assistance programme for obtaining medical care abroad, or within the United States, when at least 100 miles from one's normal place of residence. Participants who call the hotline numbers below will, where possible, be provided with referrals from a worldwide network of physicians, dentists, hospitals, pharmacies and other medical facilities. In addition, in most cases, Access America will settle the costs of EMERGENCY foreign hospital admission and treatment. If the emergency hospitalization occurs in the United States and the hospital does not accept the Aetna card, Access America will also settle the related costs directly with the hospital. In either case, it will then claim reimbursement directly from Aetna. In the case of hospitalization, Access America medical staff will contact the insured patient's local physician in order to monitor the case and services being received. In the event of an emergency hospitalization in the circumstances described above, it is important that Access America be contacted upon admission to the hospital or, at the latest, before discharge. It should also be emphasized that any hospital bill paid by the participant must be sent to Aetna for reimbursement, as Access America does not reimburse participants directly.

The hotline numbers are:

1-800-654-1901 - (in the United States, Canada, Puerto Rico and the Virgin Islands)

(804) 673-1159 - collect (from Alaska, Washington, D.C. and all other locations), or

Telex No. 706305 ACCESS WSH (from all locations)

When contacting Access America, be sure to identify yourself as a United Nations participant. Your Access America identification number is as follows:

2065-8-(UN INDEX NUMBER)-00.

Blue Cross/WrapAround Plus Plan (WrapAround Plus)

40. The WrapAround Plus plan is a hybrid scheme blending some of the features of a health maintenance organization (HMO) (such as HIP) with some of the features of a full indemnity plan (such as the Aetna hospitalization/major medical plan). The plan provides the participant with the possibility of selecting a physician from an extensive listing of participating WrapAround Plus practitioners covering most medical specialities, in which case the only charge to the participant is $10. On the other hand, the participant may equally be treated by a physician who is not a participating practitioner in the plan. Medical services rendered by non-participating providers (whether physicians or otherwise) will be reimbursed subject to a deductible and 20 per cent co-payment. The deductible and 20 per cent co-payment requirement must be met each calendar year. An outline of the hospitalization and medical benefits of this plan is provided in annex IV to the present circular. The premiums and percentages of salary contributions by staff members applicable as of 1 July 1995 are shown in column (2) of annex I to the present circular and column (2) of annex II to the present circular, respectively.

Premiums

41. Owing to the favourable claims experience relating to the Blue Cross/WrapAround Plus plan over the last year, the overall premium levels of the plan will decrease slightly in the renewal period commencing 1 July 1995. However, there will be a drop of about 12.5 per cent in the individual and two-person categories and an increase of about 4.6 per cent in the family category. This realignment in the premium structure is necessitated by changes in the enrolment configuration in the Blue Cross/WrapAround Plus plan. The result of this realignment is as follows:

	Current premiums	1 July 1995 premiums after realignment
	(United States dollars)	
Staff member only	225.41	197.23
Staff member and child	450.52	393.30
Staff member and spouse	450.52	393.30
Staff member and two or more eligible family members	546.11	571.26

Benefits

42. With the exception of the introduction of a discount prescription drug programme and the expansion of the well-child care benefit, the benefit structure of the Blue Cross/WrapAround Plus plan will be unchanged in the renewal period commencing 1 July 1995. The Blue Cross/WrapAround Plus discount prescription drug programme is outlined in paragraphs 3 to 5 above

and a more detailed description of this benefit is set out in annex IV, part III. Details in respect of the expansion of the well-child care benefit are set out in annex IV, part II.

Participating providers

43. A network of physicians covering New York City and the New York metropolitan area participate in WrapAround Plus and accept as payment a fee schedule arranged with Blue Cross. No deductible has to be met, but instead, the participant pays a $10 co-payment for each visit. If, however, a participating physician refers a patient to, or engages the services of, another provider who is non-participating, the deductible and 20 per cent co-payment will apply in connection with reimbursement of the cost of the services rendered by the non-participating provider.

Participating diagnostic laboratories

44. A number of diagnostic laboratories are participating providers under WrapAround Plus. When any laboratory tests are required, it is important that the physician be told to direct the tests to a participating laboratory, if possible. If this is done, the cost of the laboratory test will be paid in full and will not be subject to the normal deductible and co-payment.

List of participating providers

45. Heretofore, a partial list of participating providers located in the boroughs of Manhattan, Queens and Brooklyn was set out, by specialty, in an annex to this circular. Blue Cross has substantially expanded the number of participating providers under all specialties in the New York metropolitan area. While this expansion greatly increases the choice of providers available to participants in the plan, the list itself, about 300 pages, is too voluminous to be reproduced here. Instead, copies of the full directory will be available for consultation and photocopying, as necessary, at the offices of the United Nations Insurance Section; the Division of Personnel, United Nations Development Programme (UNDP); and the Office of Personnel, United Nations Children's Fund (UNICEF).

46. In order to make it easier for participants to be able to assure themselves that laboratory tests are carried out by participating laboratories (see para. 44 above), a list of such laboratories in the New York metropolitan area, excerpted from the full directory, is set out in annex IX. It is recommended that subscribers to the Blue Cross/WrapAround Plus plan consult the directory and contact the Blue Cross referral service at 1-800-435-1385 for updates to the list.

Non-participating provider utilization

47. Should the participant choose to be attended to by a non-participating provider or be referred by a participating physician to a non-participating provider, WrapAround Plus will pay 80 per cent of the reasonable and customary

charge after the participant has met a $150 deductible per individual/$450 per family. It should be noted that, with few exceptions, the following providers and medical services fall under the non-participating category and are subject to the deductible and co-payment:

(a) Diagnostic laboratory and X-ray examinations (see para. 44 above);

(b) X-ray, radium and radioactive isotope therapy;

(c) Anaesthesia and oxygen;

(d) Assistant surgeons assisting a primary surgeon;

(e) Physical therapy, physical medicine or rehabilitation;

(f) Chiropractic services (limit of 20 visits).

After $900 of unreimbursed reasonable and customary medical expenses have been paid by the participant in a given year, further expenses will be reimbursed in full (100 per cent in lieu of 80 per cent).

Access America

48. Blue Cross WrapAround Plus subscribers also benefit from the Access America facility, which is described in paragraph 39 above.

Health Insurance Plan/Health Maintenance Organization (HIP/HMO)

49. The HIP/HMO plan follows the concept of total prepaid group practice hospital and medical care, i.e., there is no out-of-pocket cost to the staff member for covered services at numerous participating medical groups in the Greater New York area, including New Jersey and certain areas in Florida. The costs of necessary emergency treatment obtained outside the covered area are included in the plan coverage. Additionally, prescription drugs (a $5 co-payment applies, see para. 50 below) and medical appliances (in full) are covered when obtained through HIP/HMO participating pharmacies and are prescribed by HIP/HMO physicians or any physician in a covered emergency.

50. HIP/HMO participants will now be able to select a physician at a HIP medical center or from a new listing of neighborhood affiliated physicians for primary care services. The affiliated physician is visited in his or her private office. Specialty care, however, will continue to be given in a HIP medical center based upon the referral of the selected affiliated physician. To select a neighborhood affiliated physician, the HIP participant should call HIP at 1-800-HIP-TALK. Additional information regarding this expansion of HIP providers will be provided to participants during the annual enrolment campaign and also mailed by HIP to all participants. Effective 1 July 1995, psychotherapeutic drugs, which up to now have been supplied at no charge under the mental health component of the HIP/HMO plan, will be subject to the $5 co-payment per prescription. Details of the HIP/HMO plan are outlined in

annex V. The premium scale for the HIP/HMO plan, increased by 4 per cent, and the related percentages of salary contributions by staff applicable as of 1 July 1995 are shown in column (3) of annex I and column (3) of annex II to the present circular, respectively.

Kaiser Foundation Health Plan of the Northeast (Kaiser/HMO)

51. The Kaiser Foundation Health Plan is an HMO, providing all medical-related services at any one of four health centre locations, accessible to staff members residing in northern Bronx, Westchester County and southern Connecticut as well as hospitalization when authorized by a Kaiser physician. Kaiser will open two new centres in Eastchester, New York, and Stamford, Connecticut, later this year. Participants will also have the option of continuing to receive care at a Kaiser medical centre or from any of more than 90 physicians associated with the Katonah Medical Associates or Physician's Choice, two multi-specialty medical groups serving Westchester and Connecticut, respectively. Kaiser health centres accommodate not only physicians' offices but also laboratory, X-ray, pharmacy and mental health services. The costs of necessary emergency treatment obtained outside the covered area are included in the plan coverage. There is no ceiling on the use of authorized services, no deductibles to cover and no insurance forms to complete. The plan coverage emphasizes early detection of medical problems before they become major illnesses. An outline of the benefits of this plan is provided in annex VI to the present circular. The premiums, which will decrease by 6.6 per cent, and the related percentages of staff contributions applicable as of 1 July 1995 are shown in column (4) of annex I and in column (4) of annex II to the present circular, respectively.

GHI Dental plan

52. The claims experience relating to the GHI "Preferred" Dental plan improved during the past year with the result that there will be no change in premium for the renewal period commencing 1 July 1995. The $2,000 per annum benefit maximum applicable to each covered individual, which came into effect 1 January 1995, will be continued in the renewal period. The benefit structure of the plan, which is summarized in annex VII, will remain the same in the renewal period as at present.

53. While the schedule of benefits available under the GHI "Preferred" Dental plan may be utilized to offset the costs of dental services provided by independent (fee-for-service) practitioners, staff members are encouraged to make maximum use of the dental practitioners who participate in the GHI Dental plan. In order that participants may have readier access to the names and specialties of such providers in the New York area, a directory of participating dentists is reproduced in annex VIII to the present circular. The full directory, which also includes the names, addresses and telephone numbers of providers in locations outside the New York metropolitan area, is available at the offices of the Insurance Section, room S-2765. The premiums applicable as of 1 July 1995 are shown in column (5) of annex I. The percentages of staff contributions applicable as of 1 July 1994 are set out in columns (5) and (6) of annex II to the present circular.

54. The present circular supersedes information circular ST/IC/1994/25, dated 23 May 1994.

Notes

1/ The medical scheme applicable to staff at Headquarters appointed for less than three months or under the 300 series of the Staff Rules is described in information circular ST/IC/86/44 of 15 September 1986.

2/ A change in enrolment between the Aetna and Blue Cross/WrapAround Plus plans will oblige the participant to meet the annual deductible in the new plan.

3/ ST/AI/394.

Under the major medical component (part II), Aetna will reimburse the cost of a mammogram not carried out in a hospital without any age or frequency limits. This benefit is subject to the normal deductible and co-payment provisions.

L. Skilled nursing facilities are covered when the treatment in the facility would otherwise be rendered by a hospital if no skilled nursing facility was available. In reviewing any overseas facility, the focus is on whether the facility provides:

(a) Direct supervision by a doctor;
(b) Registered professional nurses on duty 24 hours a day;
(c) On-site physical therapists and other professionals.

Specifically, the skilled nursing benefit amounts to two days for every one day of covered hospitalization not utilized. The skilled nursing facility benefit does not provide coverage for custodial care, rest homes, spas and nursing homes where the services do not meet the above criteria.

In any calendar year, after an insured person's total unreimbursed expenses reach $1,000 (and after satisfying the deductible), covered expenses for that person will be reimbursed in full for the rest of that year.

Private nursing services in a hospital are not generally considered necessary unless they are in lieu of intensive care or critical care unit nursing services. 10. (a) Until 31 December 1994. A maximum of 50 out-patient visits per year to a medical doctor engaged in the practice of psychiatry (and, depending on the state in which the provider is licensed, for the services of a psychologist and psychiatric social worker). The maximum recognized charge per visit will be $80, reimbursable at 80 per cent, i.e., $64, with an annual maximum not to exceed $3,200 (50 visits x $64 = $3,200). Provider fees exceeding the $80-per-visit rate will be borne by the participant;

(b) With effect from 1 January 1995. The maximum recognized charge per visit for such treatment will be raised from $80 to $134, reimbursable at 80 per cent, i.e., $107.20. The annual maximum effective 1 January 1995 will be $3,216 (30 visits x $107.20 = $3,216). Under this arrangement, the minimum number of covered visits per year will be 30. Visits beyond this number will be covered until the annual (calendar year) maximum of $3,216 has been reached. Provider fees exceeding the $134-per-visit rate or the $3,216 annual maximum will be borne by the participant. This benefit is available twice in a lifetime and is applicable only as a continuation of each of the two 30-day hospitalization periods provided under part I, section N

15. Sixty out-patient visits per calendar year for the treatment of alcoholism or drug abuse diagnosed by a physician. Of these 60 annual visits, 20 may be utilized for the counselling of the patient's family if directly related to the patient's alcoholism or drug abuse

C. All hospitalization for mental and nervous and substance-abuse conditions is subject to the Focused Psychiatric Review (FPR) procedure. STAFF MEMBERS ARE

ASSURED THAT THE FPR PROGRAMME IS CONDUCTED IN THE STRICTEST CONFIDENCE. The procedure is as follows:

(a) Prior to a non-emergency hospital admission, Aetna must be informed of the intended admission. This is accomplished by placing a telephone call to a toll free Aetna number (1-800-445-5299). This call will be taken by a member of the Aetna FPR team. The telephone call may be placed by the subscriber himself or herself, the attending physician, a family member, or any other person acting for the patient to be hospitalized;

(b) The initial information required by Aetna in order to pre-certify the admission includes the subscriber's identification number (payroll index number), the reason for the admission, the physician's name, address and telephone number, the hospital name, address and telephone number, and the schedule admission date;

(c) The FPR specialist then contacts the attending physician to review the information prior to certification of the admission. If the attending physician makes the original call to the 800 number, this step will be accomplished at that time. The FPR specialist certifies a certain number of in-patient days, if appropriate, and develops a plan of regular follow-up visits with the attending physician. Failure to pre-certify an in-patient admission for mental and nervous and substance-abuse treatment will result in a $400 reduction of the benefit amount paid;

(d) An emergency admission, which cannot be pre-certified before the confinement begins, must be called in to the Aetna FPR number within 48 hours of the emergency admission.

D. Hearing-aid and optical lens benefit

1. Reimbursements to be made by Aetna in regard to hearing-aid and optical lens claims will be subject to the normal deductible and co-payment requirements of these plans. In addition, a one-year waiting period will apply, which means that only subscribers and covered family members who have been enrolled in the plan for at least 12 months will be eligible to receive the benefit. A description of the hearing-aid and optical lens benefit is set out below.

Hearing-aid benefit

2. The hearing-aid benefit is as follows:

(a) Covered expenses: The reasonable and customary charge for a hearing aid or aids provided that such aid or aids were purchased as a result of a written recommendation by a physician certified as an otolaryngologist. Covered hearing-aid expenses will include the reasonable and customary charge for the hearing-aid evaluation and audiometric examination performed by the otolaryngologist or state certified audiologist. The maximum covered expense per hearing aid recognized under this plan will be $600. The combined maximum

covered expenses for all hearing-aid evaluations or audiometric examinations will be $100;

(b) Benefit: 80 per cent of covered hearing-aid expenses;

(c) Limitations: The number of hearing aids will be limited to one per ear per insured employee or covered dependant during any period of three consecutive years. No more than one hearing-aid evaluation and one audiometric examination will be covered during any consecutive three-year period.

Replacements are covered only if the hearing aid being replaced has been in use for at least three years and such replacement is made upon the written recommendation of a physician certified as an otolaryngologist.

3. Covered expenses do not include and no benefits are paid for:

(a) Charges for services or supplies which are covered in whole or in part under any other portion of the plan;

(b) Audiometric examinations by an audiologist that are not ordered by an otolaryngologist;

(c) Medical or surgical treatment;

(d) Drugs or other medication;

(e) Audiometric examinations, hearing-aid evaluation tests and hearing aids provided under any applicable Workmen's Compensation Law.

Optical lens benefit

2. Special conditions apply to certain medical procedures for injury-related dental and cosmetic injury, for convalescent facility expenses and for treatment of temporo-mandibular joint syndrome (TMJ). Participants are advised to consult the Aetna claims office in advance of commencing treatment for these conditions.

3. Unlimited overall lifetime reimbursement benefits

4. Certain expenses are not covered under the Aetna plan. These comprise expenses for services or supplies not deemed by Aetna as being necessary, reasonable and customary or not recommended by the attending physician. There are also certain exclusions and limitations under the plan. For example, cosmetic surgery and certain experimental or investigational procedures are not covered. If a participant has any question as to whether a medical procedure or service will be recognized by Aetna as reimbursable under the plan, the Aetna claims office should be contacted at 1-800-858-5630 prior to commencement of treatment. In addition, the Aetna policy contract document is on file in the offices of the Insurance Section and may be consulted and photocopied, as necessary. An appointment should be made for this purpose.

5. If Aetna denies a claim in whole or in part, the subscriber will receive a written notice from Aetna. This notice will explain the reason for the denial and the appeal procedure. The request for review must be submitted in writing within 60 days of receipt of the notice. The subscriber should include the reasons for requesting the review and submit the request to the Aetna Allentown Claim Office. Aetna will review the claim and ordinarily notify the subscriber of its final decision within 60 days of receipt of the request. If special circumstances require an extension of time, notification will be given to that effect.

6. Subscribers should note that claims for reimbursement must be submitted to Aetna no later than two years from the date on which the medical expense was incurred. CLAIMS RECEIVED BY AETNA LATER THAN TWO YEARS AFTER THE DATE ON WHICH THE EXPENSE WAS INCURRED WILL NOT BE ELIGIBLE FOR REIMBURSEMENT.

Part III. Discount Prescription Drug Programme (Aetna Pharmacy Management)

1. EFFECTIVE 1 AUGUST 1995, the Aetna Pharmacy Management (APM) Prescription Drug Programme, along with its mail order affiliate, Walgreens Healthcare Plus, will reimburse, at significant savings, the cost of prescription drugs obtained from participating pharmacies and from the Walgreens Healthcare Plus

mail order facility. Prior to 1 August, each subscriber will receive at their office location an Aetna card which will replace the existing Aetna identification card (if already enrolled in Aetna), indicating enrolment in the Aetna hospital/major medical plan as well as in the Aetna Pharmacy Management programme. The card will come in an envelope which will also contain an application for the purpose of registering with Walgreens Healthcare Plus mail order facility and for filling the first prescription by mail.

2. Significant cost savings are being passed on to participants who utilize either a participating pharmacy or the Walgreens Healthcare Plus mail order facility. In respect of drugs obtained at participating pharmacies, the discount will be at least 15 per cent off the average wholesale price (AWP) of the drug. If the physician does not request on the written prescription that a specific brand be dispensed by indicating "Dispense as written" or "DAW", the generic equivalent drug will be provided by the pharmacist, and the discount off the AWP can be as high as 50 per cent, depending on the generic equivalent supplied. The discount for maintenance drugs obtained by mail through the Walgreens Healthcare Plus mail order facility will range from 18 per cent to as high as 50 per cent off AWP depending on whether or not a generic equivalent to the brand-name drug is provided. (Maintenance drugs are drugs used on a continual basis for the treatment of chronic health conditions.) Whenever a prescription carries the words "Dispense as written" or "DAW", the pharmacist or mail order firm will fill the prescription accordingly and no substitution will be made.

3. The procedure under which prescription drugs are reimbursed through the Aetna Pharmacy Management Programme is as follows. Written prescriptions for drugs are presented at a participating pharmacy of one's choice along with the Aetna card (a listing of participating pharmacies in the New York metropolitan area may be found in annex X). The pharmacist will fill the prescription for up to a 30-day supply and charge a co-payment of 15 per cent (rather than the normal 20 per cent co-payment) based upon the discounted price of the drug, but never more than $15 per prescription. No claim form is required for prescriptions filled at participating pharmacies.

4. Prescriptions for maintenance drugs may provide for up to a 90-day supply and are most economically filled through Walgreens Healthcare Plus mail order facility which will charge a fixed $10 co-payment. The Walgreens order form supplied with the Aetna card should be utilized for ordering prescription drugs by mail. A new order form will be sent along with the filled prescription.

5. For residents of the State of New Jersey, the Walgreens Healthcare Plus mail order facility is not available at this time. However, up to a 90-day supply for maintenance prescription drugs can be obtained by presenting the Aetna card at participating pharmacies in New Jersey. The co-payment for 90-day supplies of maintenance drugs will be 15 per cent and never more than $15 per prescription.

/...

6. It should be noted that if a participant wishes to receive the brand-name drug even though the physician has not specifically prescribed the brand-name, the participating pharmacy will charge a participant 15 per cent of the cost of the brand-name drug, but not more than $15 per prescription. In cases in which a brand-name maintenance drug is ordered through the Walgreens mail order facility even though it has not been specifically prescribed, Walgreens will charge the participant the normal co-payment ($10) in addition to the difference between the cost of the brand-name drug and the allowance for the generic equivalent.

7. As the Aetna prescription drug programme benefit is being administered separately by Aetna Pharmacy Management, the normal annual deductible under the Aetna plan will not be applied to prescription drugs. At the same time, however, prescription drug expenses will not count towards meeting the annual co-payment limit of $1,000. Prescription drugs obtained outside the United States or within the United States but not through either the Aetna pharmacy network or the Walgreens mail order facility will be reimbursed in the normal manner through the submission of the standard claim form to the Aetna claims office in Allentown, Pennsylvania. In such cases, the normal annual deductible will have to be met before reimbursement is made, as well as the 20 per cent co-payment, which will count towards meeting the annual co-payment limit of $1,000.

Part IV. Well-child care

1. Certain benefits to promote well-child care have been mandated under New York State insurance regulations. The essential feature of the well-child care benefit is that certain primary and preventive care services for covered dependants from birth up to age 19, as detailed below, will be covered at 100 per cent, not subject to deductible or co-payment.

2. The primary and preventive care services covered under this benefit provision are as follows:

Covered services include a physical exam, developmental assessment, anticipatory guidance and laboratory tests ordered at the visit and performed either in the office or a laboratory. In addition, immunizations are covered as part of the well-child visit. Such immunizations will include at least the following: diphtheria, pertussis, tetanus, polio, measles, rubella, mumps, haemophilius influenza type B and hepatitis B.

3. Not covered under this benefit and, therefore, subject to the normal deductible and co-payment, are:

(a) Services which are for diagnosis or treatment of a suspected or identified injury or disease;

(b) Services not performed by or under the supervision of a physician or a registered professional or licensed practical nurse;

(c) Medicines, drugs, appliances, equipment or supplies.

(b) Joint Commission on Accreditation of Hospitals;
(c) Empire Blue Cross and Blue Shield in New York State or elsewhere by any Blue Cross plan.

(c) On-site physical therapists and other professionals.

Specifically, the skilled nursing benefit amounts to two days for every one day of covered hospitalization not utilized. The skilled nursing facility benefit does not provide coverage for custodial care, rest homes, spas and nursing homes where the services do not meet the above criteria.

These 20 family counselling visits will be available whether or not the person is receiving treatment. All care under this benefit must be provided in a facility with an alcoholism treatment programme certified by the New York State Division of Alcoholism and Alcohol Abuse, or a substance abuse treatment programme certified by the New York State Division of Alcoholism and Alcohol Abuse, or a substance abuse treatment programme certified by the New York State Division of Substance Abuse Services as a medically supervised ambulatory substance abuse programme. Outside New York, the facility must be approved by the Joint Commission on Accreditation of Hospitals. Participants are advised to verify with the facility or with Blue Cross that the institution selected for treatment or counselling is properly certified and recognized by Blue Cross.

Please note that, if a participating physician refers a patient to, or engages the services of, another provider who is

(b) Certain benefits to promote well-child care have been mandated under New York State insurance regulations. The essential feature of the well-child care benefit is that certain primary and preventive care services for covered dependants from birth up to age 19, as detailed below, will be covered at 100 per cent, not subject to deductible or co-payment. The primary and preventive care services covered under this benefit provision are as follows:

(c) Anaesthesia and oxygen;

E. The cost of up to two blood tests per covered person per year for the HIV virus. This benefit is subject to the normal deductible and co-payment requirement, unless the test is performed by a participating diagnostic laboratory.

F. Hospitalization for mental and nervous disorders beyond the 30 days covered under the Blue Cross hospitalization plan component, subject to the established deductible and 20 per cent co-payment requirements.

BLUE CROSS/WRAPAROUND PLUS PARTICIPATING LABORATORIES

The listing below sets out participating diagnostic laboratories in the New York metropolitan area. This detailed listing is provided in order to make it easier for participants to arrange for diagnostic laboratory tests to be carried out by a participating laboratory rather than a non-participating laboratory. If a participating laboratory is used, the cost of the test(s) will be paid in full and will not be subject to the normal deductible and co-payment.

As indicated in paragraph 45 of the circular, the full list of participating physicians, by county and specialty, is too extensive to be reproduced here. Copies of the full directory are available for consultation and photocopying, as necessary, at the offices of the United Nations Insurance Section; the Division of Personnel, UNDP; and the Office of Personnel, UNICEF. Information on participating providers may be obtained directly from Blue Cross by calling 1-800-435-1385.

AETNA AND BLUE CROSS/WRAPAROUND PLUS PLANS
LIST OF PARTICIPATING PHARMACIES

Set out below are lists of the major participating chain pharmacies under the Aetna and Blue Cross/WrapAround Plus pharmacy management programmes. The full Aetna and Blue Cross directories of participating pharmacies are far too large to reproduce in this annex and include, in addition to major chains, the names and addresses of many thousands of individual participating pharmacies. These directories are available for consultation and photocopying, as necessary, at the offices of the United Nations Insurance Section; the Division of Personnel, UNDP; and the Office of Personnel, UNICEF. In addition, if a participating pharmacy is needed while traveling, referral information is available from Aetna (1-800-858-5630) and Blue Cross (1-800-233-8065).
